**Teaching Children Effectively™ Level 1
Winter 2025**

A 33-hour practical learning experience designed to equip students with basic skills and effective methods to evangelize children and immediately begin a neighborhood or public school outreach ministry.

Emphasis is placed on organizing and conducting meaningful classroom activities which can enrich children spiritually. In addition to regular course work, students are required to participate in teaching five children's classes applying the methods learned in the course.

In addition, three required practicum sessions conducted during the course provide each student with evaluated experience in applying the theory taught.

A certificate will be awarded to all who successfully complete this course.

Five Continuing Education Units can be earned for Christian School teachers or child care workers. An additional \$10 will be charged for the Continuing Education Units certificate.
